

Work-life balance and the best sunsets around... Kenora, Ontario

If you're a **family physician** looking to join a progressive primary health-care organization that promises a reasonable workload and incentive potential of over \$113,000, look no further than Kenora, Ontario and the Sunset Country Family Health Network.

Here, you will have the opportunity to build your own family practice *and* consider a number of extended practice options at Lake of the Woods Hospital.

In addition to building a great career, Kenora offers physicians the time to enjoy family life, personal pursuits and the best sunsets around.

A Great Place to Work

As a physician with the Sunset Country Family Health Network, you will work collaboratively with the Sunset Country Family Health Team comprised of nurse practitioners, nurses, dietitians, a pharmacist and chiropodist. Your family practice will operate from the Paterson Medical Centre.

- The Paterson Medical Centre underwent a complete renovation in 2006 and 12,000 square foot addition in 2009. This newly configured medical centre has become a model of medical efficiency and provides a turnkey office environment, fully computerized electronic medical records and low overheads. Thirteen family practice physicians and two surgeons operate out of the Paterson Medical Centre.
- Teaching opportunities with the Northern Ontario School of Medicine are also available.
- Lake of the Woods Hospital offers emergency department shifts, hospital inpatients, obstetrics, surgical assist and second on-call opportunities, if you so choose. The hospital's core programs include 24-hour emergency and ambulatory care, chronic care, mental health, maternal and child health, and acute care services which include general medicine, intensive care and surgical services. It also manages a broad range of services including dialysis, chemotherapy, diagnostic imaging, mammography, ultrasound, addiction counseling and detoxification, a sexual assault centre, physiotherapy and rehabilitation services, ambulance (land and dedicated air), palliative care and various education programs.

A Great Place to Live and Play

As a city of 16,500, Kenora is the second largest centre in northwestern Ontario. Every year, it greets tens of thousands of visitors looking for the best in outdoor adventure, fishing, hunting, water sports, winter sports, snowmobiling, unique festivals, international sport tournaments, or simply a relaxing lakeside getaway with all the comforts of a city dedicated to hospitality. Spring, summer, fall and winter, Kenora is continually hosting festivals, competitions and events that add to your experience.

Whatever your interest, there is something for everyone in this unique blend of urban and lakeside living. Learn more about Kenora online: www.kenora.ca.

Great Benefits for You

Incentives

Eligible candidates may receive \$113,600 over four years through the Northern and Rural Recruitment and Retention incentive (Ministry of Health and Long-Term Care).

Compensation

Family practice physicians may earn more than \$400,000 annually depending on the number of rostered patients and other practice options.
