

Practice in the biggest small town around... West Nipissing, Ontario

Small enough to remain safe and friendly, yet big enough to provide for your family's every need, West Nipissing urgently needs five, full-time family doctors to serve this growing community. Diverse practice options abound at the West Nipissing General Hospital (WNGH) and the WNGH Health Centre. Choose the one that best fits your lifestyle!

A Great Place to Work

The West Nipissing General Hospital (WNGH) is a modern and well-equipped 98-bed hospital. It offers physicians a warm and welcoming work environment based on collegiality and teamwork. The hospital's adjoining Health Centre is a turnkey operation with several medical suites, each comprised of three exam rooms, a private office and a large reception area. They are also fully furnished and equipped with electronic medical records, billing and scheduling software packages.

You may choose to:

- Work in the WNGH Emergency Department.
- Care for in-patients at the hospital.
- Teach medical students/residents through WNGH's affiliation with the Northern Ontario School of Medicine.
- Set up your own practice at the WNGH, in one of the furnished suites of the Health Centre.
- Join the Family Health Team at the WNGH Health Centre and set up your own salaried practice.
- Shape your own practice through any combination of the above.

A Great Place to Live and Play

West Nipissing has seen tremendous growth over the past few years and is now a town of 14,000. While it can boast old world rural charm, the town's amenities are second to none, with first-class educational opportunities, health- and child-care offerings, and superb cultural and recreational facilities.

Centrally located between the urban centres of North Bay and Sudbury in Northern Ontario, West Nipissing encompasses approximately 1274 square km of land and boasts a number of great natural assets. These include the majestic Lake Nipissing, Sturgeon River, miles of forest, groomed nature and leisure trails, as well as the charm and distinctiveness of a largely bilingual community. With affordable housing and rural and lake-side living available, West Nipissing is the place where one can embrace the four season adventures of life.

Great Benefits for You

Incentives

- \$81,000 (potential) over four years from HealthForceOntario Northern and Rural Recruitment and Retention Initiative, upon setting up a practice at the WNGH Health Centre

- Return of Service Agreements
- Interest Free Loan from the WNGH
- Moving Allowance from the WNGH

Benefits

- Free parking
- Subsidized office space
- Cleaning services
- Access to Ontario Telemedicine Network (for CME and patient consultation purposes)
- Help in the search for spousal employment
- Right Fax access to the office (for lab and transcribed results)
- PACS (picture archiving and communication system)

Compensation

- The WNGH is funded by Emergency Department Alternative Funding Agreement (ED AFA) and Hospital On-Call Coverage (HOCC) for medical practitioners working in the ER and caring for in-patients.
- The ED AFA offers an hourly rate along with a 10% return on shadow billing and a 25% return on Stat holidays.

Apply Today!
